WM. ALANSON BRYAN, DIRECTOR

TO THE JUNIOR STAMP COLLECTORS
OF LOS ANGELES:

In opening this exhibition we, of the Junior Museum, are attempting to aid you in the hobby that unites boys and girls of all nations. We are of the opinion that there are a great many stamp collections in the County that are worthy of exhibition. We think that stamp collectors are entitled to recognition for their efforts, and in order to encourage the younger members of the fraternity we are offering awards and prizes for each of the various classes. Further announcement will be made of the several attractive prizes donated by local dealers and collectors.

The stamps on view will be judged by local collectors. If you are interested get in touch with the Junior Museum by letter or in person.
